

# Regional Competition

## Refrigeration Category

Applicants are invited to enter a competition in the REFRIGERATION category. There will be various levels of elimination resulting in two candidates going through to a national competition that will be held in July 2009 at the Frig Air Expo. The winner will then be entered in the WorldSkills that is taking place in September 2009 in Canada Calgary. Winner in the Regional Competition will undergo training before the national competition and the winner of the national competition will undergo 6 weeks of training in Gauteng.

If you are currently employed and wish to participate in the competition please discuss this with your employer or training institution before entering. Candidates must be born after the 01 January 1987.

The Competition will consist out of a Theory knowledge test and practical test where candidates will be tested in their skills of refrigeration.
